

ACCESSORIES AND TOOLS

SAFE CRIMP SYSTEM (SCS)

Benefits of Safe Crimp System (SCS) control for hose assembly activity:

Friendly and easy setting of crimping parameters including:

- › Pre-set of crimp Ø calibration to compensate ferrule elastic rebound
- › Reminder of dies to be used
- › Easy automatic opening setting

Storage of recurrent and customised crimp recipes: favourite crimp assemblies:

- › Short cuts for faster setting
- › No crimp Ø re-adjusting
- › Possibility to download your customised recipes by USB port and save on separate computer (CSV file)

Production counter for batch quantity control:

- › Quality monitoring through automatic crimp control
(Available on certain production and industrial machines)
- › Continuous measurement of crimping pressure with real time display
(Available on certain production and industrial machines / Optional on benchtop machine screens)
- › Countdown of crimps to be performed, monitored according to the preset pressure range
(Available on certain production and industrial machines / Optional on benchtop machine screens)
